

BANNER OF PEACE

This symbol was created by visionary artist Nicholas Roerich as a symbol of human unity. The Roerich Pact and Banner of Peace is an international treaty signed by India, the Baltic States, and 22 nations of the Americas including the United States. The Roerich Peace Pact established an international agreement allowing any nation to protect its cultural or artistic heritage with a symbolic banner, the Banner of Peace. Signed in 1935, this treaty is international law today.

The three small circles represent the arts, science and spirituality within the one greater circle of culture. The colour of the Banner is red to represent the one blood we all share.

FLY THE FLAG OF PEACE

Put this flyer in your window or in your car and make a statement of positive peace that says more than just “no war”.

WORLD PEACE NOW!

The world needs a vision of peace that goes beyond the cycle of war and “not war” to create a unified global culture. If we just blindly react to our politicians lead, we will never break this cycle. Peace is more than just the cessation of war. It is a way of living: in tune with the planet and with each other.

WE CAN DO IT!

WE CAN CREATE PEACE!

Peace begins in each of our hearts and radiates out into our communities. By being, thinking and acting peacefully together we can create world peace. Together we are strong enough to make a difference!

A TOOL FOR PLANETARY PEACE

By living out of harmony with nature we have created an artificial planetary environment that has been called the “technosphere”. One of the roots of this disharmony is our artificial timing system based on the clock and 12 Month calendar. By replacing this with a biologically accurate 13 Moon Peace calendar based on the cycles of natural time, we can help to restore harmony between people and planet. By unifying in time, we can unify in peace. Natural time knows no borders, no ideologies and no separation.

ONE TIME ONE PEOPLE ONE PLANET
